

Fiberglass Funnel Fan

Fiberglass Funnel Fans by J&D Manufacturing are an excellent choice to satisfy your low cost air circulation needs in any market. Each Funnel Fan comes equipped with a maintenance free, energy efficient, variable speed motor and powder coated heavy duty mounting bracket. The **durable fiberglass housing provides increased stability** over regular poly funnel fans.

Features

- Directional fan with unique housing shape throws air twice as far as conventional circulation fans to move air into the corners of your building
- Statically balanced high output propeller
- Direct drive
- Quiet operation
- Heavy duty steel center hub and aluminum blades
- Rust-free fiberglass housing for maximum life
- Heavy duty welded motor mount and corrosion resistant guards
- Powder coated mounting bracket tilts up or down, right or left for precise air control
- Totally enclosed, maintenance free, high efficiency motors have completely sealed ball bearings, and are covered by a **Two Year Warranty**

Part#	Size	Ph	Spd	Thrust CFM	Thrust CFM/ Watt	Drive	Prop
Single Phase							
VU16F	16"	1	1/Var^	1,680	6.3	Direct	3-Alm
VU20F2	20"	1	1/Var^	2,870	12.8	Direct	3-Alm

^ Variable speed fans require separate variable speed control to adjust fan speed.

Bold red text is data based on testing performed by an accredited lab using ANSI/AMCA Standard 230-12

OSHA requires this fan to be mounted a minimum of 7' above the floor
