

HAF Panel Fan with Wide Guard

The wide guard HAF Panel Fan from J&D Manufacturing is an efficient and durable solution to your air circulation needs.

Choose from fiberglass or galvanized housing models to fit your application. Built-in mounting loops on the rear of the fan allow you to attach a chain or cable to hang the fan straight up and down, or at an angle for greater control of the airflow.

Features

- Direct drive - no belts or pulleys to maintain
- Single/variable speed, dual voltage motors
- Pair with a J&D variable speed control for maximum application flexibility and efficiency
- Two options to fit your application:
 - Non-corrosive fiberglass housing with poly prop and stainless steel hardware
 - Heavy-duty 18-gauge galvanized housing with aluminum prop
- Ships fully assembled and ready to hang
- Built-in mounting loops for easy installation
- Heavy gauge powder-coated wide guard on front and rear of fan to maximize air flow while protecting the blades
- Totally enclosed, maintenance-free, high-efficiency motors have completely sealed ball bearings, UL and CUL recognized, and are covered by a **Two Year Warranty**

Fiberglass Housing

Galvanized Housing

Part#	Size	Ph	Spd	Thrust CFM	Thrust Watt	Drive	Prop
