

Mega Torque With VFD

72" Fiberglass Torque Drive Exhaust Fan with Variable Frequency Drive

VFD
Variable Frequency Drive

Save Time & Money
No Belts to Change
No Pulleys to Maintain
No Greasing Motor or Bearings

Features

- **FAN**tastic performance combined with great efficiency
- Maintains a continuous high level of performance with **no power loss or reduction from aging belts and pulleys**
- Premium-efficient industrial motor
- Comes with VFD (Variable Frequency Drive)
 - Pre-wired to motor and pre-set for easy installation
 - Soft starts fan to reduce loads on fan during start up and helps to extend fan life
 - Compatible with most J&D controls
 - NEMA 4x enclosure w/ cooling fins mounted in air flow to ensure low temperature during operation
 - Short wire length between motor and VFD to eliminate electrical noise and extend motor life
 - Pre-installed filters to eliminate interference with RFID readers and other electronics
- UV resistant fiberglass housing and cone with smooth molded exterior
- Smooth and quiet operation
- Innovative 5 blade aluminum propeller
- Aluminum shutter
- One-piece molded cone with heavy-duty galvanized guard
- Heavy gauge stainless steel shutter clips
- Drainage holes in the bottom of the housing to drain moisture
- **3 Year Warranty** on motor and torque drive
- **10 Year Warranty** on propeller
- **20 Year Warranty** on fiberglass housing and cone
